

CARY LEEDS CENTER for tennis & learning

2017 Summer Tournament Team

Our Summer Tournament Team (TT) is led by Elena Bantovska, Associate Director of Tennis for Junior Competition. TT is designed to help players ages 8-18 develop the necessary skills to be successful competitive tennis players. Team members receive instruction and practice learning effective technical, tactical, footwork, and mental skills. Our emphasis on physical training is specific to tennis and includes improving flexibility, agility, and core strength.

Our Tournament Team professional staff will include new CLC Executive Director of Tennis Rick Ferman, Tony Huber, Associate Director of High Performance Programs and Associate Director of Tennis Katerina Sevcikova, all of whom are experienced in developing high level players and are certified High Performance coaches.

Note: NYJTL and CLC will provide financial support to children who need help in order to participate. Scholarships will be awarded to players based on merit and for those who have financial need. Applicants should demonstrate passion for tennis, athleticism and talent.

For transportation contact Allison Sands at asands@nyjtl.org or 718-247-7420 x 2013
